

HR Applicant Process Windows

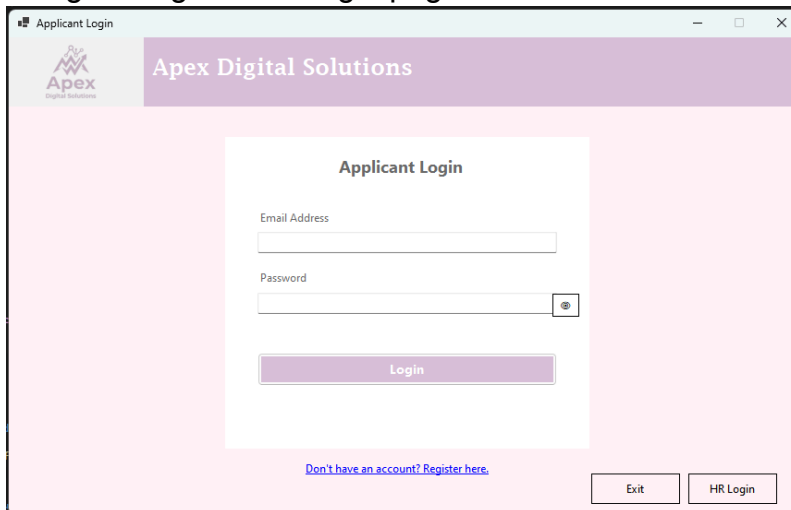

Application

User Manual

Part 1: Applicant

1.1 Getting Started

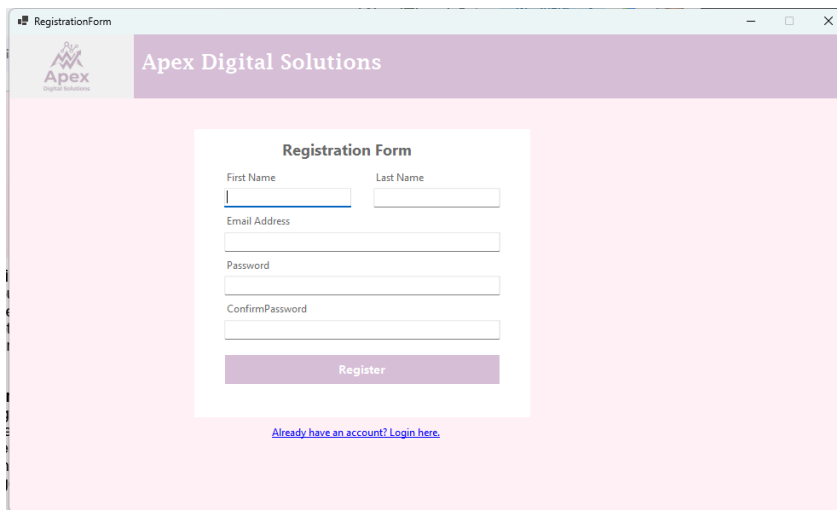

When you first arrive at the system, you will be asked whether you already have an account. If you do not have an account, you will need to register before you can proceed. If you already have an account, you can go straight to the login page.

The screenshot shows a web browser window titled "Applicant Login". The header features the Apex Digital Solutions logo on the left and the text "Apex Digital Solutions" on the right. The main content area is titled "Applicant Login" and contains a form with two input fields: "Email Address" and "Password". Below the "Password" field is a small icon for password visibility. A purple "Login" button is positioned below the form. At the bottom of the form area, there is a link that says "Don't have an account? Register here." In the bottom right corner of the window, there are two buttons: "Exit" and "HR Login".

1.2 Registering a New Account

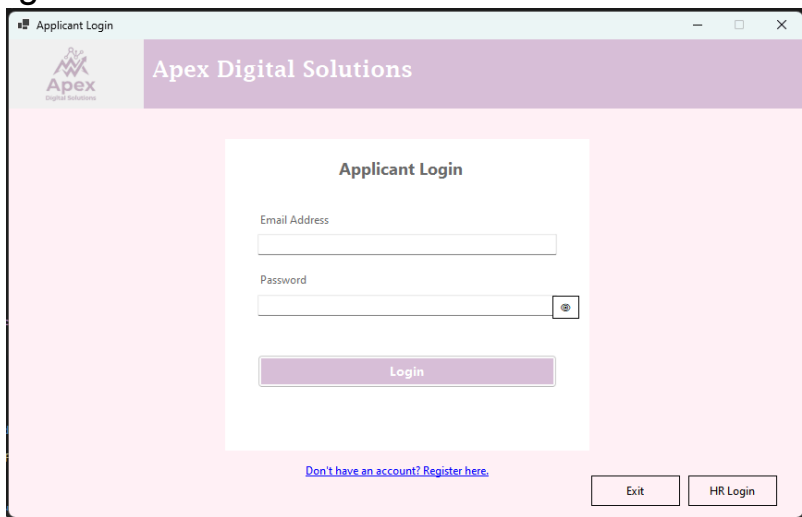

To register, you will be asked to provide your email address and set up your account details. If you enter an email address that is already linked to an existing account, the system will not create a duplicate and will notify you. Once your registration is accepted, your account will be created, and you will be able to log in.

The screenshot shows a web browser window titled "RegistrationForm". The header features the Apex Digital Solutions logo on the left and the text "Apex Digital Solutions" on the right. The main content area is titled "Registration Form" and contains a form with several input fields: "First Name", "Last Name", "Email Address", "Password", and "ConfirmPassword". A purple "Register" button is positioned below the form. At the bottom of the form area, there is a link that says "Already have an account? Login here." The window has a standard Windows-style title bar with minimize, maximize, and close buttons.

1.3 Logging In

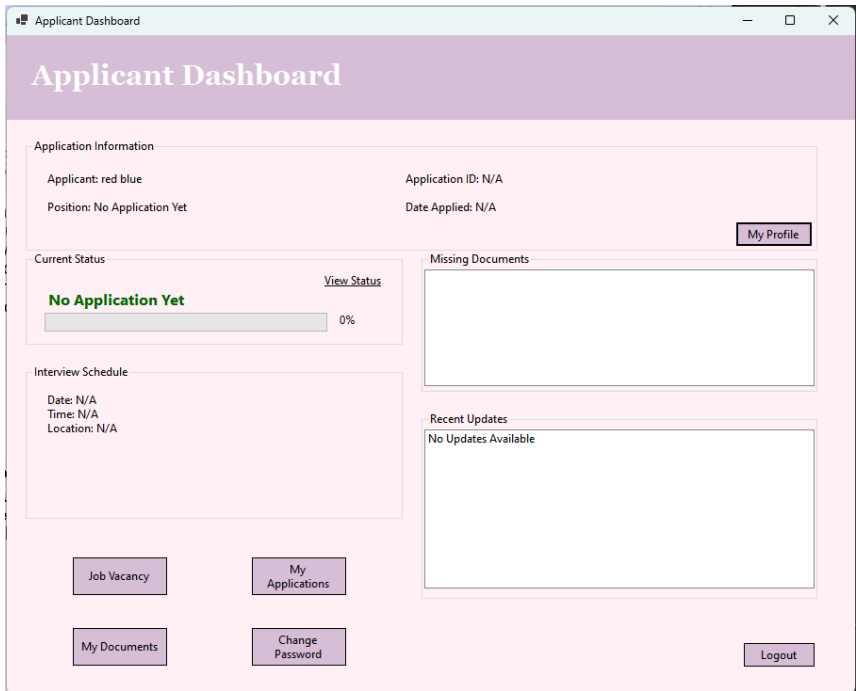

Enter your registered email address and password on the login page. If your credentials are correct, you will be taken to your Applicant Dashboard. If your login fails, the system will return an invalid message and you will need to try again. If you have forgotten your password, you can use the Forgot Password option on the login page to change it.

The screenshot shows a web browser window titled "Applicant Login". The header features the "Apex Digital Solutions" logo and name. The main content area is titled "Applicant Login" and contains a form with two input fields: "Email Address" and "Password". The "Password" field has a toggle icon for visibility. Below the fields is a purple "Login" button. At the bottom, there is a link "Don't have an account? Register here." and two buttons: "Exit" and "HR Login".

1.4 Your Applicant Dashboard

Once logged in, your dashboard gives you an overview of everything relevant to your application. It shows your current application status, any missing documents you still need to submit, and your upcoming interview schedule if one has been arranged. From the dashboard, you can also edit your profile, browse open job vacancies, and track the progress of your application.

The screenshot shows a web browser window titled "Applicant Dashboard". The header features the "Apex Digital Solutions" logo and name. The main content area is titled "Applicant Dashboard" and contains several sections:

- Application Information:** Applicant: red blue, Application ID: N/A, Position: No Application Yet, Date Applied: N/A. A "My Profile" button is located to the right.
- Current Status:** "No Application Yet" in green text, with a "View Status" link and a progress bar showing 0%.
- Interview Schedule:** Date: N/A, Time: N/A, Location: N/A.
- Missing Documents:** A large empty box for listing missing documents.
- Recent Updates:** "No Updates Available" in a box.

At the bottom, there are four buttons: "Job Vacancy", "My Applications", "My Documents", and "Change Password". A "Logout" button is located at the bottom right.

1.5 Editing Your Profile

You can update your personal profile at any time through the dashboard. Please note that once you have submitted an application, your profile details related to that application can no longer be edited. Make sure your profile is accurate and complete before you submit.

The screenshot shows a web browser window titled "Form1" displaying an "Applicant Profile" form. The form is divided into four sections: Personal Information, Contact Information, Educational Background, and Skills and Work Experience. The Personal Information section includes fields for First Name (red), Last Name (blue), Gender (dropdown), and Birth Date (Wednesday, 17 June 2024). The Contact Information section includes fields for Email, Phone, and Address. The Educational Background section includes fields for Level (dropdown), School, and Year. The Skills and Work Experience section includes fields for Skills, Company, and Position. At the bottom of the form are three buttons: Save Profile, Update, and Back.

Personal Information		Contact Information	
First Name:	red	Email:	
Last Name:	blue	Phone:	
Gender:		Address:	
Birth Date:	Wednesday, 17 June 2024		

Educational Background		Skills and Work Experience	
Level:		Skills:	
School:		Company:	
Year:		Position:	

Save Profile Update Back

1.6 Applying for a Job

To apply for a position, go to the View Job Vacancies section on your dashboard. When you select a job, the system will first check whether the position is still open. If the job is no longer available, you will not be able to apply. If the job is open, the system will then check whether you have already applied for it. If you have already applied, the system will block a duplicate application and ask you to return. If you have not yet applied, you can go ahead and create a new application.

The screenshot shows the "HR Recruitment System - Job Vacancies" page. It features a search bar at the top with a "Search" button. Below the search bar is a table titled "Open Job Positions" with a "Total Jobs: 3" indicator. The table has columns for VacancyID, JobTitle, DepartmentName, TypeName, and Status. The first row is highlighted. Below the table is a section titled "Job Details" with fields for Position, Department, Employment Type, Qualifications, and Required Documents. At the bottom are three buttons: Apply, Refresh, and Exit.

VacancyID	JobTitle	DepartmentName	TypeName	Status
1	Junior Software...	Information Tec...	Full-time	Open
2	IT Support Spec...	Information Tec...	Full-time	Open
4	HR Recruitmen...	Human Resour...	Contractual	Open

Apply Refresh Exit

1.7 Completing Your Application

When you start a new application, it will initially be saved as a draft. You will need to fill in the required details and upload any necessary supporting documents. You can save your progress as a draft and come back to it later if you are not ready to submit. When everything is ready, you can submit your application. Once submitted, the status of your application will update to Submitted and you will no longer be able to make changes to it.

1.8 Tracking Your Application Status

After submitting, you can follow the progress of your application through the timeline on your dashboard. The status of your application will move through the following stages depending on the decisions made by HR staff and management.

Application Recruitment Status Tracker

Apex Digital Solutions

Live Track: Application Progress Timeline

Applying For: No Application Found

Current Application Review Phase: No Status Available

Latest HR Operational Evaluation Remarks Notes:

No application records found.

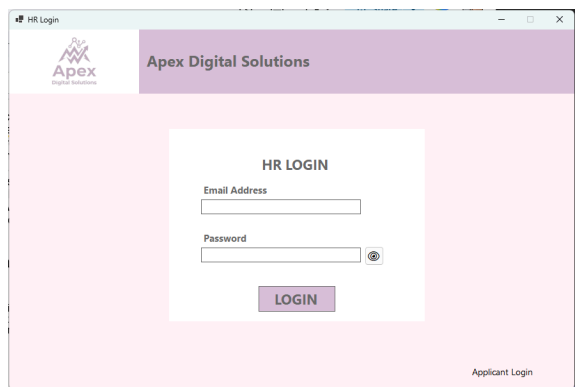

Refresh Status Timeline

Draft means your application has been started but not yet submitted. Submitted means your application has been received by the recruitment team. Under Review means an HR staff member is currently reviewing your application. Shortlisted means you have passed the initial screening and are being considered for an interview. For Interview means an interview has been scheduled for you. For Assessment means you have progressed to an assessment stage. For Final Review means your application has been passed to the HR Manager or Administrator for a final decision. The final outcome will be either Accepted, Rejected, or Withdrawn, which can happen if you cancel your application or if HR marks it as withdrawn.

Part 2: HR Staff

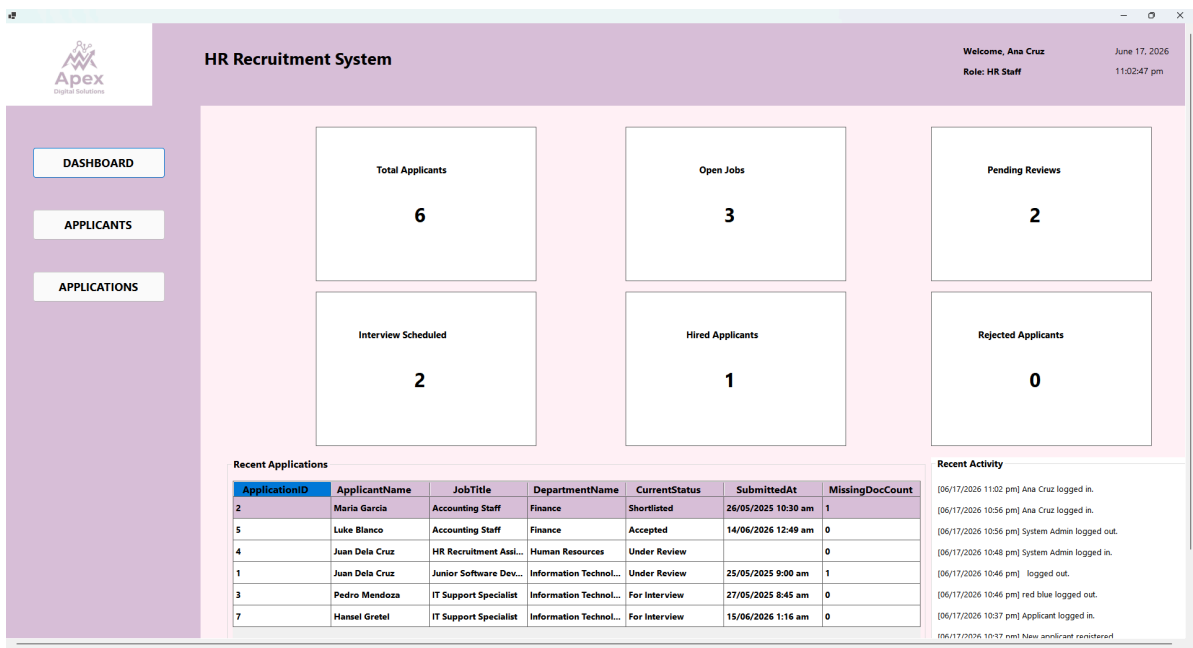

2.1 Logging In

Go to the HR Staff login page and enter your credentials. If your login is successful, you will be taken to the HR Dashboard. If your login fails, the system will return an invalid message, and you will need to try again.

2.2 The HR Dashboard

Your dashboard gives you a summary of recruitment activity, including pending tasks that require your attention. From here, you can access the applicant list and begin reviewing candidates.

2.3 Viewing and Selecting an Applicant

On the HR Dashboard, navigate to the applicant list to see all candidates who have submitted applications. Click on an applicant to select them and view their full profile, documents, and application details.

2.4 Locking an Application for Review

Once you open an applicant's file to review it, the system will lock the application and update its status to Under Review. This prevents the applicant from making any further edits to their application while you are reviewing it. You can now examine their profile and all uploaded documents in full.

Interview Evaluation

2.5 Screening and Qualification

After reviewing the application, you will carry out an initial screening to determine whether the applicant meets the requirements for the position. If the applicant does not qualify, their status will be updated to Rejected. This is not a final decision and does not close the process permanently. If the applicant qualifies, their status will be updated to Shortlisted, and you can proceed to arrange an interview.

2.6 Scheduling an Interview

For shortlisted applicants, you will need to schedule an interview. You can set the date, time, interviewer, and location for the interview. Before confirming, the system will check whether the chosen date and time are available. If the slot is not available, you will be asked to choose a different time. Once the schedule is confirmed, the applicant's status will be updated to For Interview.

2.7 Recording the Interview Evaluation

After the interview has taken place, you will record the results of the evaluation. This includes entering the scores, any remarks or observations, and indicating whether the applicant has passed or failed the interview. Once the evaluation is recorded, the applicant's status will be updated to For Final Interview, and their file will be passed to the HR Manager or Administrator for a final decision.

Part 3: HR Manager and Administrator

3.1 Logging In

Go to the HR Manager or Administrator login page and enter your credentials. If your login is successful, you will be taken to the Admin Dashboard. If your login fails, the system will return an invalid message, and you will need to try again.

3.2 The Admin Dashboard

Your dashboard provides access to two main functions. The first is managing applicants who are in the For Final Review stage. The second is managing system users. Both functions are accessible directly from the dashboard.

3.3 Managing Users

From the Admin Dashboard, you can manage all user accounts in the system. This includes adding new users, editing existing user details, assigning roles to users, and activating or deactivating accounts as needed. This function allows you to control who has access to the system and what level of access they have.

3.5 Making a Final Decision

For each applicant in the For Final Review list, you are responsible for making the final hiring decision. You have three options available to you.

If you choose Accepted, the applicant's status will be updated to Accepted and the outcome will be logged in the system history. If you choose Rejected, the applicant's status will be updated to Rejected and this will also be recorded in the history. If you choose On Hold, the applicant's status will remain pending while you wait for more information or reconsider your decision. The HR Manager or Administrator can return to the applicant later to make a final call.

All final decisions, whether accepted, rejected, or placed on hold, are logged in the system history for record-keeping and audit purposes.
